Eulogies on John Quincy Adams.

Mr Speaker Winthrop's Eulogy.

Gentlemen of the House of Representatives of the United States

It has been thought fit that the Chair should announce officially to the House, an event already known to the members individually, and which has filled all our hearts with sadness.

A seat on this floor has been vacated towards which our eyes have been accustomed to turn with common interest.

A voice has been hushed forever in this hall at which all ears have been wont to listen with profound reverence

A venerable form has faded from our sight, around which we have daily gathered with an affectionate regard.

A name has been stricken from the roll of the living statesmen of our land which has been associated for more than half a century with the highest civil services and the loftiest civic honors.

On Monday 21st inst John Quincy Adams sunk in his seat in presence of us all, by a sudden stroke, from which he never recovered, and he died, in the Speaker's room, on a quarter past seven o'clock last evening, with the officers of the House and the delegation of his own Massachusetts around him.

Whatever attended him, long superannuation, great ability, vast learning, consummated public honors, a spotless private character, and a firm religious faith, combined, to render any one an object of interest, respect, and admiration, they had done for this the aged, the patient, and learned sage and admiration are but feeble terms to express the feelings with which the members of the House and the people of the country have regarded him.

After a life of eighty years, devoted from the earliest manhood to the public service, he has at length gone to his rest. He has been privileged to die at the post to fall while in the discharge of his duties, to expire beneath the roof of the Capitol. And he have he not ceased lamented forever in history with the birthday of that illustrious Patriot whose last discernment brought him first into the service of his country

The close of such a life, under such circumstances seems not unmeet for unmingled emotion. We cannot find it in our hearts to regret that he had died as he has died He himself could have desired no other end This is the end of earth, were his last words uttered on the day on which he fell But we might almost hear him exclaim, as he fell, in language hardly less familiar to him than his native tongue *Hoc erat optandum, magis felicitter desinere quam mori*

It is for others to suggest what honors shall be paid to his memory No acts of ours are necessary to his fame But it may be due to ourselves and to the country, that the national sense of his character and services should be fully commemorated

Mr. Hudson's Eulogy in the House.

Remarks of the Hon Charles Hudson of Mass in the House of Rep executives on Thursday, on announcing the death of Mr Adams

Mr Speaker —

I rise with no ordinary emotions to perform a painful duty which has been assigned me by my colleagues growing out of an event which has recently occurred in the midst of us, the announcement of which has just been made by the Chair — My late venerable colleague is no more A great and good man has fallen He has been stricken down in the midst of his labors in the discharge of his public duties One whose public services are general with the annals of our Government—one of whom it might almost be said that he was living in the midst of posterity—an example to us and to those who come after us, has ceased from his labors and gone to his reward The peculiar circumstances of his death are known to every member of this House and are calculated to leave a deep and lasting impression They weigh so heavily upon my own mind and it seems that I am almost inclined to believe that silence is the most appropriate token of our grief and the most suitable tribute to his memory

[Here follows a notice of the principal events in Mr Adams's political career]

This is but a hasty and imperfect enumeration of the public stations which have been filled by my late lamented colleague Of the manner in which he has discharged the public trusts it is not necessary for me to speak Suffice it to say that his long and useful life has been devoted to the public service and his ability and fidelity with which he has discharged every duty are known and acknowledged throughout the nation His fame is so blended with his country's history that it will live when all the frail monuments of art shall have crumbled into dust By his death the country has lost a pure patriot science an ardent votary and the cause of human freedom a devoted friend

But it is not as a public man merely that we are to contemplate Mr Adams In the private walks of life where tired dissimulation drops the mask as I man appears to be really is we find in him all those silent and social virtues which adorn the character His ardent love of justice his scrupulous regard for truth his stern devotion to the cause of civil and religious liberty, were blended with meekness sobriety and charity But the crowning glory of his character was his devotion to the cause of his Redeemer

To that cause he was publicly dedicated on the second day of his earthly existence and throughout a long life he professed a firm belief in Divine revelation and a calm trust in that Being who raises among the nations and spreads the canopy of his tender care o dependent children But he is gone The pillars that have known him will now know him no more forever This instance of mortality, at once so peculiar and so painful admonishes us of the uncertainty of life, and teaches us so to number our days that we may apply our hearts unto wisdom

We tender to his afflicted family our heart-felt sympathy and assure them that a nation's tears will be mingled with theirs And while we look for consolation to the wisdom and goodness of our overruling Providence we would affectionately commend them to that gracious Being who has revealed him self as the father of the fatherless and the widow's God and friend

Mr. Davis' Eulogy on John Quincy Adams.

Remarks of the Hon John Davis of Mass in the Senate of the U S on Thursday, on the death of Mr Adams

Mr President By the recent affliction of my cold ague, a pain of duty devolves upon me The message just delivered from the House, proves that the hand of God has been upon us Us A great and good man has gone from among us A great public man, speaking of John Quincy Adams I can give utterance to the language of my own heart I am confident I shall meet with a response from the Senate

He was born in the Province of Massachusetts while she was girding herself for the great Revolutionary struggle which was then before her His parentage is too well known to need even an allusion, yet I may be pardoned if I say that his father assisted both to aid in the establishment of our free government and his mother was a suitable companion and co-laborer of such a patriot The cradle hymns of the child were the songs of liberty The power and the competency of man for self government were topics that he must frequently heard discussed by the statesmen of the day, and the inspiration thus caught gave form and pressure to his after life Thus early imbued with the love of free institutions educated by his father for the service of his country and early led by Washington to see what he has since held in the worthless one of its eminent statesmen He has occupied in turn almost every place of honor which the country could give him and for more than half a century has thus been identified with its history Under any circumstances, I should feel myself unequal to the task of rendering justice to his memory, but with the debilitating effect of bad health at it upon me, I can only with extreme brevity touch upon some of the most prominent features of his life

(Here follows a brief narrative of the principal events in the political life of Mr Adams, similar to those given in our obituary notice of him)

I have not ventured on this occasion beyond a bare enumeration of the high places of trust and confidence which have been conferred upon the deceased The service covers a period of more than half a century, and what language can I employ which will portray more forcibly the great extent of the confidence reposed in him by the republic, or the ability with which he discharged the duties devolved upon him? than by this simple narration of recorded facts? An ambitious man could not desire a more appropriate eulogy.

Mr Adams, however, was not merely a statesman, but a ripe, accomplished scholar, who during a life of remarkably well directed industry, made those great acquirements, which adorned his character and gave to it the manly strength of wisdom and intelligence

As a statesman and patriot, he will rank among the illustrious men of an age prolific in great names, and greatly distinguished for its progress in civilization The productions of his pen are proof of a vigorous mind, imbued with a profound knowledge of what it investigates and of a memory which was singularly retentive and capacious

But his character is not made up of these conspicuous qualities alone He will be remembered for the virtues of private life—for his devoted and moral examples—for his integrity—for his devotion to his duties as a citizen, as a neighbor, and as the head of a family In all these relations few persons have set a more steadfast or brighter example, and few have descended to the grave where the broken ties of social and domestic affection have been more sincerely lamented Great as may be the loss to the public of one so gifted, it is by the family that his death will be most deeply felt His aged and beloved partner, who has so long shared the honors of his career, and to whom all who know her are bound by the ties of friendship, will believe that the stranger grief mourns her bereavement, and sympathise with her in her affliction

It is believed to have been the earnest wish of his heart to die like Cincinnatus in the midst of his labors It was a sublime thought but where he had toiled in the house of the nation in hearts of the city devoted to its service, the sickle of death should reach him, and hold aside the veil of time and patriotism which buried him to earth.

He fell in full stride struck by paralysis, of which he had before been a victim To describe the scene which ensued would be impossible It was more than the spontaneous gush of feeling which all such events call forth, so much to be honor of our nature It was the expression of reverence for his moral worth, of admiration for his intellectual endowments, and of veneration for his age and public services All gathered around the sufferer, and the strong sympathy and deep feeling which manifested themselves showed that the business of the House (which was instantly adjourned) was forgotten amid the distressing emotions of the moment. He was soon removed to the apartment of the Speaker where he remained surrounded by affectionate friends till the weary day resigned its immortal spirit "Thus is the end of earth" brief but emphatic words! They were among the last uttered by the dear Christian

Thus has closed the life of one whose purity, gentleness, talents, have seldom been seriously questioned To say that he had faults would only be declaring that he was human Let him who is exempt from error attempt to point them out In the long career of public life it would be strange if the venerable man had not met with many who have differed from him in sentiment, or who have condemned his acts If it ever be such, let the mantle of oblivion be thrown over each unkind thought Let not the grave of the old man eloquent be desecrated by unfriendly remembrances but let us add our homage to his many virtues, and let it be our prayer that we may so perform our duties here that, if summoned as he was sudden and appalling manner, we may not be found unprepared or unable to utter his words, "I am composed"

Mr President with this imperfect sketch of the character and services of a great man, I leave the subject in the hands of the Senate by moving the Resolutions which I send to the Chair

Mr. Benton's Eulogy.

Mr President

The voice of the native State has been heard through one of the Senators of Massachusetts, announcing the death of her aged and most distinguished son The voice of the other Senator from Massachusetts is not heard, nor is his presence seen A domestic calamity known to us all, confines him to the chamber of private grief while the Senate is occupied by the public manifestations of a respect and sorrow which a nation's loss inspires In the absence of that Senator and as a member of the body longest here it is not unfitting or unbecoming in me to second the motion which has been made for extending the last honors of the Senate to him, who forty-five years ago, was a member of this body, who at the time of his death, was among the oldest members of the House of Representatives, and who, putting the years of his service together was the oldest of all the members of the American Government

The eulogium of Mr Adams is made in the facts of his life which the Sena or from Massachusetts (Mr Davis) has so ably stated, but, from early manhood to octogenarian age he has been constant y and most honorably employed in the public service For a period of more than fifty years from the time of his first appointment as chief of bureau under Washington to his last election to the House of Representatives by the people of his native district, he has been constantly retained in the public service, and that, not by the favor of a Sovereign, or by hereditary title, but by the elections and appointments of republican government This fact makes the eulogy of the illustrious deceased for what, exempt as on no of all the qualities which command the esteem and confidence of man, could have ensured a public service so long, by appointments free and popular, and from sources as various and exalted? Minister many times abroad, member of this body, member of the House of Representatives, Cabinet minister, President of the United States such has been the galaxy of his splendid appointments And what but moral excellence the most perfect, intellectual ability the most eminent, fidelity the most unwavering, service the most useful, would have commanded such a succession of appointments so exalted, and from sources so various and so eminent? Nothing can could have commanded such a series of appointments, and accordingly we see the union of all these great qualities in him who has received them

In this long career of public service Mr Adams was distinguished not only by faithful attention to all the great duties of his stations, but to all the less and minor duties He was not the Salaa in an galley, to be launched only on extraordinary occasions, but he was the ready vessel, always launched when the duties of his station required it be the occasion great or small As President, as cabinet minister as minister abroad, he examined all questions that came before him, and expressed all, in all their parts, in all the minutia of their detail, as well as in all the vastness of their comprehension As Secretary, and as a Member of the House of Representatives, the obscure committee room was as much the witness of his laborious applications to the drudgery of legislation as the halls of the two Houses were to the ever-ready speech, replete with knowledge which instructed all hearers, enlightened all subjects, and gave dignity and ornament to debate

In the observance of all the proprieties of life Mr Adams was a most noble and impressive example He cultivated the minutiæ well as the greater virtues Wherever his presence could give aid and countenance to what was useful and honorable to man, there he was In the grave acts of the school and at the college—to the one fortuitous meetings of agricultural, mechanical, and commercial societies—to attendance upon Divine worship punctually paid the punctual attendance rare even but in those who are free from the weight of public cares

Punctual to every duty, death found him at the post of duty, and where else could it have found him, at any stage of his career? for the fifty years of his illustrious public life? From the time of his first appointment by Washington to his last election by the people of his native town, where could death have found him but at the post of duty? At that post, in the fullness of age in the ripeness of renown, crowned with honors, surrounded by his family, his friends, and admirers, and in the very presence of the national representatives, he has been gathered to his fathers, leaving behind him the memory of public services which are the history of his country, for half a century, and he example of a life, public and private, which should be the study and the model of future generations of his countrymen

☞ The examination of the public schools will continue during the week as notified in our columns The schools we have visited, appear well In the school taught by Miss Thayer and Miss Snow, the forth of two of the pupils, during the term, was no more in a very touching manner the dialogue and a hymn

☞ The following is an extract from the letter of the Hon George Evans, in answer to an invitation to attend the Taylor Festival in Philadelphia

"Gentlemen—I am honored by your polite invitation to attend a public dinner to be given by the Whigs of Philadelphia on the 8th inst. I regret that I cannot attend I am subjected to learn from your letter to me that it is the intention, you design to bring forward the name of Zachary Taylor as candidate for the Presidency on the part of the Whigs.—That design has my hearty approbation The very difficulties of the war, has made me doubt of his political opinions, general for any incompatible church, and one that has commanded, in any contingency, from impartial support to that illegal law of order opposition has to displayed upon many public men at this time.

☞ The mail due last evening had not arrived in the city at the time of our going to press. By the kindness of Jerome & Co's Express, however, which very opportunely arrived last evening, we were furnished with papers and are enabled to furnish the news to our readers as though there has been no detention of the mail, and even a little in advance of its regular contents, as we have the Telegraph despatch to the Tuesday evening papers

☞ The death of the great Patriot, John Quincy Adams was noticed in this city, yesterday by the tolling of bells, for two hours succeeding noon, by the display of flags at half mast, and by partial cessation of business and the closing of stores

VILLAGE GREATNESS.

In every country village, where
Ten chimneys' smoke perfume the air,
Contiguous to a steeple
Gentle folks are found, a score,
Who can't associate any more
With common "country people"

Jack Hallow born amongst the weeds,
From rolling but now rolls in goods,
Enough awhile to cash so—
Tells negro stories—smokes cigars—
Talks politics—decides on wars—
And lives in stylish fashion

Tim Osgood, lately from the plow
A polished gentleman is now,
And talks of "country fellows"!
But ask the fop what book's his read
You'll find the brain pan of his head
As empty as a bellows.

Miss Faddle lately (from the wheel,
Begins quite lady like to feel,
And talks affectedly genteel,
And sings some pretty songs, too!
But my veracity impeach
If she can tell what part of speech
Genteelly belongs to.

Without one spark of wit refined,
Without one beauty of the mind,
Genius, or education,
Or real worth, or fame to boast,
To new such gentry rule the roast,
Turns patience to vexation

Wistar's Balsam of Wild Cherry, in the Old Dominion.

We extract an article from the New Era, published at Portsmouth Va., and edited by A F Cunningham Esq. He speaks of himself, and here is the extract—(Dec 4th, 1846)

We have been for some days suffering under severe indisposition of the lungs, produced by cold and increased by speaking in public on that throughout Saturday night, Sunday, Monday, till Tuesday, the symptoms of that disease which are incident to inflation and the pulmonary system, without the least appetite for food The cough was dry and hard causing the most acute pain in the head and back. We had freely given up all hope of relief when we thought of this Balsam, and we sent round to our friend, Hesbith, the agent for a bottle We took the first dose according to direction, and almost instantly felt a glow of healthy warmth through the system—this was two o'clock—at five we took another dose, at nine another and we soon after detected a perceptible change in the frequency of the spasms and violent pains which had before wounded them At three in the morning we took another dose and the phlegm, though tough, yellow and ropy, was ejected from the lungs with comparative ease We feel grateful for the relief afforded, and recommend a trial of it by all who are sufferers as we suffered We deem it due to the medicine and to humanity, to give this unsought testimonial to the virtue of the Balsam. Rail-Road Notice.

THE CITIZENS OF BANGOR are notified that a MASS MEETING will be held at LEVANT, on FRIDAY, the 3d inst., at one o'clock P M., for the purpose of considering the expediency of a survey of a route for a Rail Road from Newport, through the towns of Stetson, Levant and Glenburn, to Bangor, and are requested to attend at that time.

Per Order of Committee,

BY THE LAST ARRIVAL.

From Mexico!

The Treaty Ratified—Santa Anna for Peace.

The English Steamer has brought news to New Orleans to the 16th February

An English Courier had arrived at Vera Cruz, bringing dates from the City of Mexico to the 15th

The American Star of the 15th contained the official announcement that a Treaty of Peace had been ratified by the Mexican authorities

The President, *ad interim* Pena y Pena, in a letter states that the Mexican Government at Queretaro, had agreed with General Scott, that Santa Anna should be imprisoned which would remove the main obstacle to an early peace.

The American Star of the 16th says that the Minister for Foreign Affairs has officially announced the Treaty of Peace it was signed twice by Trist, and Sepor Cuevas on the part of the Mexican Commissioners The terms are substantially the same as those published in the papers here

Gen Lane reached the capital on the 10th in safety, from Orizaba. Lieut Yancie, of the Kentucky Volunteers was dead

The Star of the 15th says that Santa Anna had asked for a passport to leave the Republic, and recommended his friends to make peace

The Treaty.

The Treaty has been printed and was considered by the Senate on Monday There is opposition to its provisions from various quarters, but it seems to be generally agreed that though some of its conditions in themselves are in the way of hard bargains, yet the position of the two countries by the war is such that the Senate will deem the purchase of a peace at the rate proposed vastly better than the continuance of the war, and therefore will accept and ratify the treaty

☞A large number of persons in the Province of New-Brunswick are exposed to the horrors of starvation from the failure of their crops. The legislature have granted £5000 for their relief.

Shipwreck.

An account from St Georges, Bermuda Feb 10, says, the Brig Richmond of Sedgewick Me from Georgetown for Demarara, arrived there Jan 31st, having shipped a sea, which threw her on her beam ends and drowned the mate, Luther Lufkin, of Sedgewick, and the cook, a Dane

A part of the deck load was swept overboard filled the cabin with water, broke away partitions of berths, leaving nothing in the cabin stove galley, carried away boats, split pump and tore sails to pieces Righted with five feet of water in the hold and leaking badly Upon her arrival she was found to be not much strained, and had ceased leaking Her repairs will be completed in two weeks

Affairs at Venezuela.

The New York Tribune and Herald have received letters from Carracas to the 28th of January, by the Susan Ludwig, arrived at Norfolk These letters report a very serious disturbance in the Congressional halls of Venezuela After several unsuccessful attempts Congress was organized on the 20th of January. In the course of the discussions of that day, a personal altercation arose between two of the members, in which other members gradually took part, disks were drawn and an appalling scene ensued Several were severely stabbed The tumult brought citizens into the Capitol, and soon the military, who were at the disposal of the President, surrounded the hall and fired on the Representatives, wounding and killing several members

The next day Congress met, surrounded by armed soldiers and passed such votes as the President dictated exhonerating him from all participation in the blood shed of the previous day

From other sources, the Journal of Commerce derives a different impression viz that the attack on the members of Congress was from the mob and not from the soldiers of Government, who befriended and protected them

It was confidently expected that Gen Paez would pronounce against Monagras, the President and that Venezuela would soon be in the midst of another revolution

CONGRESS.

WASHINGTON, Feb 21

SENATE —

Mr Webster who had been kept from the Senate by indisposition and domestic affliction, resumed his seat

Mr Benton submitted a resolution requesting the President to communicate the proceedings in the Fremont Court Martial, and gave notice that to-morrow he should ask leave to introduce a joint resolution relating to the purchase of American hemp for the navy

Personal explanations were made by Messrs Yulee and Foote The former called attention to a report in the Herald of his remarks on Mr Dickinson's resolutions, in which the latter is represented as charging him with misquoting the authorities cited

Mr Foote replied exonerating the reporter He did charge the gentleman with misquotation but should have said misconception or misremembrance A further discussion somewhat personal ensued

Mr Miller of New Jersey, from the Committee on Territories, reported against the repeal of the Pilot Laws

Several messages in writing were received from the President of the U S, by the hands of his Private Secretary

On motion of Mr Sevier of Arkansas, the Senate then went into Executive Session, to consider the treaty with Mexico [It was believed that the treaty would be ratified]

In the House

Mr C J Ingersoll asked and obtained leave to introduce a bill granting the franking privilege to Mrs Adams Passed unanimously

Mr Ashmun offered a resolution to print 20,000 copies of Rev Mr Gurley's funeral sermon, the speeches of members &c upon the death of Mr Adams which was adopted

The Speaker announced as the first thing in order the presentation of resolutions from the States

Numerous resolutions from different State Legislatures were received and referred

A motion was made and passed, to instruct the Committee on Expenditures to report the expenses of the War, in detail if practicable

Mr Putnam of New York offered a resolution for rescinding slavery from territory acquired from Mexico which was laid on the table by a vote of 103 to 91

On motion of Mr Vinton of Ohio, the House went into Committee of the Whole on the State of the Union, to consider the bill for supplying the deficiency in the appropriations for the fiscal year

Mr Schenck of Ohio, moved to strike out the appropriation of 3000 dollars for negotiating the loan, and spoke at length against the loan, condemning the Sub Treasury, &c.

Permanent Cure of Dyspepsia and habitual Costiveness.

To Dr Ralph

DEAR SIR—I have myself, almost on occasion for your inestimable Pills. I have used them my self six years as occasion threated, and I have reason to suppose they have wrought a thorough and permanent change in respect to the functions of the stomach From habitual costiveness and the vending of nauseous and dreary stools I am completely relieved The multifarious symptoms of Dyspepsia, with which I was once so well acquainted have so entirely passed away, that I hardly know what they were Any use you can make of this, or a more full developement of my case, is at your service

Except as an obstetric case your book (Family Physician) and Pills have been the only physician in my house for six years

There are many of my friends around, and more and more who call for your Pills as a family medicine, and for chronic cases Yours truly,

Horatio Waldo

The Dock ... ranks as a medicinal plant second to no one of the vegetable kingdom. With the aid of a distinguished chemist whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of uniting them, which has resulted in the production of the compound. In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess.

Dr. Townsend's SARSAPARILLA,

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This extract is put up in quart bottles, it is six times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.

The great beauty and superiority of this Sarsaparilla over all other medicines is, while it eradicates disease it invigorates the body. It is one of the very best Fall and Winter medicines ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the past two years, more than 35,000 cures of severe cases of Disease; at least 20,000 of these were considered incurable.

More than 3000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
400 cases of General Debility and Want of Energy,
7000 cases of the different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Dropsy,
3000 cases of Consumption.

And thousands of cases of diseases of the blood, viz:—Ulcers, erysipelas, salt rheum, pimples on the face, &c. &c., together with numerous cases of sick headache, pain in the side and chest, spinal affections, &c. &c.

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable druggists in Newark, N. J. informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York which we will refer to with pleasure, and to men of character. It is the best medicine for the preventative of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON,

as it removed the cause of disease, and prepared them for the summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief; this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

Hear Mr. Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn. The following is an extract of a letter received from him:

Dr. Townsend—I have used one bottle of your Sarsaparilla, and find it is excellent in its effects upon a chronic rheumatic pain to which I am subject, from an injury occasioned several years ago in a public stage. Please send me two bottles to the care of Dr. Seymour. I have conversed with two of our principal physicians and recommended your Sarsaparilla. SETH TERRY

Hartford, March 19, 1845.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c., have been and can be cured.

Dr. Townsend—Dear Sir: Nearly twenty years ago I took a violent cold, which settled on my lungs, and ... [illegible] ...

G. W. CONANT, 444 Bowery.

GIRLS, READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin and are "out of sorts," use a bottle or two of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits, and beautiful complexion—all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for incipient Consumption, Barrenness, Leucorrhoea or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine have been blessed with fine healthy offspring.

Dr. Townsend: My wife being greatly distressed by weakness and general debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures; and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla and followed the directions you gave me. In a short period it removed her complaints and restored her to health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it and recommending it to the public. M. D. MOORE.

Albany, Aug. 17, 1847. Cor. Grand and Lydius sts.

TO MOTHERS AND MARRIED LADIES.

This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable to those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all of the delicate diseases to which women are subject. It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating the system as to produce subsequent relaxation—which is the case of most medicine taken for female weakness and disease.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented!

THREE CHILDREN.

Dr. Townsend—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your Excellent medicine. They were afflicted very severely with bad sores; have taken some four bottles; it took them away, for which I feel myself under deep obligation. Yours respectfully, ISAAC W. CRAIN, 106 Wooster-st.

New York, March 1, 1847.

OPINIONS OF PHYSICIANS.

Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations of the Sarsaparilla in the market. UNITED STATES OFFICER.

Capt. G. W. McLean, of the U. S. Marine Corps and member of the New Jersey legislature, has kindly sent us the following certificate. It tells its own story.

Rahway, Jan. 25, 1847.

A year since I was taken with the influenza, and my whole system left debilitated. ... I was induced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it, and find I improve every day. I believe it saved my life, and would not be without it under any consideration. G. W. McLEAN.

JULES HAUEL'S PREPARATIONS!

TRY THEM, AND JUDGE FOR YOURSELF!

TO THE PUBLIC.

Wonderful! That's Right—A proper Principle adopted.

YOU cannot object to giving my articles a trial. If they are not found to be as represented, return them and your money will be cheerfully refunded. Remember, there is no quackery—no humbug,—here. A trial will cost you nothing,—so if any one is humbugged, it will be myself. With the utmost confidence I recommend to the particular attention of the public the following articles: First—

MY EAU LUSTRAL HAIR RESTORATIVE.

This universally approved and admired article, free from ardent spirits, pungent essential oil, and other destructive materials, cleanses the hair expeditiously, renders it beautifully bright, and imparts to it the delicate fragrance of the flowers. It excites the scalp to a new and vigorous action, cleanses it from scurf and dandruff, and its effect in the restoration and growth of the hair is unequalled by any other preparation of the kind. Second—

MY EAU DIVINE DE VENUS AND NYMPH SOAP.

Composed of an Eastern Botanical Discovery of Surprising Efficacy, for rendering the SKIN SOFT AND FAIR, as well as imparting a Delicate Roseate Hue to the Complexion.

No lady's toilet is complete without this article. Its effect on the skin is strikingly beautiful: it removes all roughness, clears the complexion, and leaves a delicate roseate hue that cannot be surpassed. Third—

MY SHAVING CREAM.

"It is a luxury to shave with Jules Hauel's Premium Cream."

This Cream is acknowledged by all who have used it to be superior to any in use. It produces a fine and rich lather. It does not smart or irritate the skin, on the contrary, it is very soothing and highly emollient. No person will use any other, after once using this admired preparation. Fourth—

MY DEPILATORY POWDER.

This Powder has never failed to produce the desired effect. Its composition is infallible, and warranted to remove superfluous hair. Many ladies have used it, who were afflicted with hair on the sides of the face, arms, &c., giving a masculine turn to the features, and who testify of its happy effect. Fifth—

MY CELEBRATED VEGETABLE LIQUID HAIR-DYE.

A Chemical Result, to enable persons to dye their hair instantaneously, without the least inconvenience.

"My white hair has been changed like magic by using one box only of Jules Hauel's celebrated 'Vegetable Liquid Hair Dye.'"

For changing red or gray hair, whiskers, eyebrows, &c., to a brown, black, or chestnut color. The slightest evil consequences need not be feared from its use—it is altogether harmless. This composition is the only one sanctioned by the science of chemistry, to dye, in an indelible manner, the various grades of color, without danger or inconvenience, and has justified the liberal patronage and unlimited confidence of the public.

Beware of Counterfeits! Ask for "Jules Hauel's Vegetable Liquid Hair Dye," if you want the genuine article. Sixth—

MY UNRIVALLED ROSE TOOTH PASTE.

Is universally sought after, for the pearly whiteness it gives to the Teeth, without the slightest injury.— Seventh—

MY CELEBRATED PERSIAN OR CHINESE POWDER.

Patronized by the Fashionable World of the United States and under the immediate patronage of the Ladies.

This powder is unequalled for the nursery, for restoring, beautifying and preserving the complexion, rendering the skin delicately white, smooth and soft, preventing cutaneous eruptions, chapping and other ... Travellers and persons ... warm climates will highly appreciate this grateful appendage to the toilet.

NINE HUNDRED DOLLARS REWARD

Will be paid to the person who will prove that Jules Hauel's *Vegetable Liquid Hair Dye* is not the best,—the very best yet known in this country or in Europe.—This valuable discovery will enable a person to dye instantaneously the hair or whiskers in a few minutes, without the least inconvenience. This preparation is warranted not to wash out, nor to injure the health of the hair, and retain all its softness and brilliancy.

From a celebrated Chemist of the City of Philadelphia.

"Dear Sir:—It is with a high degree of pleasure that I furnish you with my testimony in favor of your *Eau Lustral Hair Restorative*. I have been surprised by its wonderful and beneficial results, and have no hesitation in saying, that I believe it to be the most valuable and extraordinary ... ever known for restoring and reproducing a fine and luxuriant head of hair. In regard to the *Nymph Soap, Hair-Dye, Rose Tooth Paste, Depilatory Powder*, and *Shaving Cream*, I must say that they are scientifically compounded, and that it is a real luxury to use them. Yours, &c. JOHN FARR, Chemist, President of the Manufacturers' and Mechanics' Bank, Philadelphia.

Mr. Jules Hauel."

Try it! Try it! It is furnished Gratis!

The most positive and convincing proof of the superiority of an article depends on the favor and satisfaction it has received from those who have used it.—With respect to my *Shaving Cream*, it is always used with satisfaction, and has everywhere met with universal approbation.

Those persons who have not made use of this delightful preparation as yet, by calling at the Store of the Proprietor, No. 120 CHESNUT Street receive, without charge, a small box for trial, as I am determined to let its utility ... judge for themselves.

Prepared and sold, *Wholesale and Retail*, by JULES HAUEL, Practical Chemist and Perfumer.

An Extract from the Report of the Judges of the "Franklin Institute of Pennsylvania."

"After a minute and careful examination of the preparations, submitted to our notice by Jules Hauel, Chemist and Perfumer, of the city of Philadelphia, we do not hesitate to pronounce them truly valuable preparations, well calculated for the toilet."

"The Franklin Institute, of the State of Pennsylvania, for the Promotion of the Mechanic Arts, have awarded to Jules Hauel, of Philadelphia, their Testimonial of their approbation for the skill and ingenuity displayed in the manufacturing of his celebrated 'Eau Lustral Hair Restorative,' and other perfumery, deposited at their late Exhibition of Domestic Manufactures in the city of Philadelphia.

From CONSTANT GUILLOU, Esq., Attorney at Law, and Notary Public, Philadelphia.

"From personal acquaintance with Jules Hauel—an experienced and fashionable Perfumer and Chemist—I was prepared to appreciate the numerous testimonials in favor of his different fashionable preparations. On trial of them in my own family, and some of them personally, I have more than realized those favorable anticipations,—they are, what they profess to be, scientifically prepared and compounded. I have at all times since my experience, been convinced of the great merit of the *Eau Lustral Hair-Restorative, Shaving Cream, Nymph Soap*, and, in fact, all the popular preparations of Mr. Hauel.

It is with the greatest pleasure that I can recommend the above articles to all of my numerous friends, and the public. They are, in their way, invaluable.

CONSTANT GUILLOU."

From DANIEL J. DESMOND, Esq., Attorney at Law, Consul General of Pontifical States, Vice Consul of Austria, Sardinia, Portugal and Tuscany.

"To Mr. Jules Hauel.

Sir—Though I have not the pleasure of a personal acquaintance with you, yet a sense of duty to yourself and the public generally, constrains me to bear my unsolicited testimony in favor of your different fashionable preparations. On trial of them in my own family, and some of them personally, I do positively declare that they are what they profess to be, skilfully prepared and compounded. I am convinced of the great worth or merit of the Eau Lustral Hair Restorative, Shaving Cream, Nymph Soap and Rose Tooth Paste.—I am fully satisfied of their intrinsic worth, and do heartily recommend them to all for the use and purpose they are intended. Nothing can equal the beauty and lustre imparted to the hair by the use of the Eau Lustral Hair Restorative. It invigorates the hair and promotes its growth. The Shaving Cream is unsurpassed and decidedly excellent, ... while the Nymph Soap operates beautifully upon the pores of the skin, and cleanses it from all impurities. The Rose Tooth Paste imparts to the teeth a pearly whiteness, and is well calculated to preserve the teeth and gums from decay. They are in their way invaluable.

Important to Parents.

WINER'S CANADIAN VERMIFUGE!

A CERTAIN REMEDY FOR WORMS.

THIS remedy is safe in its operation and more easily administered than any other.

THE GREATEST CAUSE OF DISEASE among children is to be attributed to Worms. They give rise to numerous diseases, and are the more fatal because least suspected, were parents to give this subject more attention, and carefully observe the symptoms which indicate the existence of worms in bowels, *the lives of many children would be doubtless saved.* Some of the symptoms are as follows: the countenance is of a pale or leaden color, and suffused with occasional flushes, the eyes are heavy and dull, bad breath, itching in the nostrils, the sleep is disturbed, the patient often awakening in great fright, and is liable to starting and grinding the teeth, the appetite is irregular, being sometimes voracious and at other times feeble, occasional vomiting, &c.

Winer's Canadian Vermifuge has acquired a reputation far exceeding that of any other medicine of the kind, and is daily increasing in popularity, wherever it is known and used, it is *universally approved*. It possesses properties which no other article of the kind does, is *more prompt and efficient* in its action and entirely free from ingredients which have any but a beneficial effect, the health of the patient being always improved even when no worms are discovered. Physicians prescribe it, and to use the language of one in high standing, who resides in Cleaveland, Ohio, considers it "the only article of the kind he ever saw that was so uniform and prompt in expelling worms," it may indeed be relied on with the utmost confidence, as it has never been known to fail, this is the reason why *all* who have used it will not use any other.

We have in our possession a number of certificates from physicians and others of the highest respectability, who all testify to its superior efficacy, and recommend it as a never failing remedy.

READ AND BE CONVINCED.

We, the undersigned have frequently administered a medicine prepared by Mr. John Winer of this town, designated "J. Winer's Canadian Vermifuge," and being fully satisfied with its efficacy, confidently recommend it as a safe and efficient remedy for the expulsion of worms from the intestinal canal.

G. O'REILEY,
Licentiate of the Royal College of Surgeons in Ireland, &c.

G. W. DICKINSON, Member of the Royal College of Surgeons in London, &c.

Hamilton, C. W., Oct. 11th, 1846.

New York, March 30th, 1847.

Messrs. J. Winer & Co. Sirs—My child of five years of age, was for more than two years severely afflicted with worms, during which time we gave her different medicines recommended in such cases, but they produced no beneficial effects. I at length procured a bottle of your Canadian Vermifuge and gave it to her, which caused her to pass a large number of worms, since then she has been in the enjoyment of perfect health. From my own experience, I would recommend your Vermifuge as being the most safe and effectual remedy for worms now in use. Yours truly,

C. G. SNEPHEN, 36 Rivington st.

Be particular and remember the name "Winer's Canadian Vermifuge," that is the only article that can be depended on. *Remember this.*

DR. UPHAM'S
Vegetable Internal Remedy
FOR THE PILES!
A Cure for Life Secured.

For the cure of Piles, Inflammation of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach and Bowels, Kidney and bladder, Inflammatory and Mercurial Rheumatism, Impurity of Blood, Weakness and Inflammation of the Spine, and for the relief of Married Ladies.

THE VEGETABLE PILE ELECTUARY, invented by Dr. A. Upham, a distinguished Physician of New York city, is the only really successful ... that dangerous and distressing complaint, ever offered to the American public.

Mark this. It is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external, and probably the only thing that will. There is no mistake about it. It is a positive cure—*speedy and permanent.* It is also a convenient medicine to take, and improves the general health in a remarkable manner.

Each box contains twelve doses, at 8 1-3 cents per dose. It is very mild in its operation, and may be taken in cases of the most acute inflammation without danger. All external applications are in the highest degree disagreeable, inconvenient and offensive, and from the very nature of the disease, temporary in their effect. This Medicine attacks the disease at its source, and REMOVING THE CAUSE, renders the cure CERTAIN and PERMANENT.

INFLAMMATORY DISEASES.

Although the ELECTUARY was originally prepared for the cure of Piles, yet it has proved itself a medicine far superior to all others, in all diseases of an inflammatory character, with a determination of blood to any particular part or organ. In inflammation and congestion of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, in inflammatory and mercurial Rheumatism, it is the *Best Medicine* ever discovered.

IMPURITIES OF THE BLOOD.

For all impurities of the Blood arising from the imprudent use of Mercury or other causes, for all diseases of the Skin, and Scrofulous Affections, in all cases where the blood is powerfully determined to the head, producing dizziness and distress, DR. UPHAM'S ELECTUARY is entirely unrivalled.

TO MARRIED LADIES.

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, with consequent inflammation of the Stomach, Bowels and Spine, weakness of the back, flow of blood to the head, &c.—The Electuary is perfectly safe for Pregnant Ladies, and the most useful Cathartic that can possibly be used, as it will not only remove the Piles and all inflammatory diseases, WITHOUT PAIN or IRRITATION, but will ensure an easy time, a safe delivery and a sound constitution to the offspring.

CURE FOR LIFE GUARANTIED.

The Electuary contains NO MINERAL Medicine, no Aloes, Colocynth, Gamboge, or other powerful and irritating purgative. No fear of taking cold while under its influence, no change in diet necessary. If taken according to the directions, A CURE FOR LIFE IS GUARANTIED.

Pamphlets giving valuable information respecting this Medicine, may be had of Agents, gratis.

GREAT SUCCESS OF UPHAM'S PILE ELECTUARY.

Portland, Me., March 14, 1847.

DR. UPHAM—My dear Sir:—I cannot express to you my sincere and heartfelt thanks for the wonderful cure I have experienced by the use of your truly valuable Pile Electuary. I have been a perfect martyr to the Bleeding Piles for 10 years past, so much so that I became reduced to almost a skeleton, with loss of appetite, and general derangement of the digestive organs. My muscles became affected, and in fact I was a martyr to myself. I was obliged to give up my business. I had tried all kinds of medicines, ... the Doctors in Boston and this place could afford, spent much money—and twice submitted to painful operations. I had become perfectly tired of life, and at the suggestion of my friends I was induced to try a box of your medicine. The first I found to relieve me slightly; still I persevered, and purchased a second, and I assure you when I got half through I found myself getting well, and I kept on, and now I am a new man. My dear Sir, language cannot express the heartfelt thanks that I am once more restored to health. I am now in a condition to support my large family ...

You can use this letter as you please.

Yours respectfully, SAMUEL CHANDLER
